

## **Kemas kini asset: hapuskan kerumitan spreadsheet dengan sistem mobile**

Website ini dicipta untuk menggantikan masa yang terbuang dengan menggunakan **Google Spreadsheet** di telefon anda atau laptop, kami perkenalkan sistem kemas kini asset secara digital yang baru, direka khas untuk memudahkan kerja anda di Plantroom. Antara muka (*interface*) ini dioptimumkan sepenuhnya untuk paparan telefon pintar, membolehkan setiap **PIC** Plantroom atau **HOF** untuk mengemas kini status asset (**Functioning/Not Functioning**) secara digital dan cepat. Kini, anda hanya perlu klik hospital anda, masukkan maklumat ringkas seperti **status** (functioning/not functioning), **remark**, **action** dan **hantar**, menjadikan proses laporan daripada RP disiapkan dalam masa yang cepat tanpa perlu *zoom-in* pada *spreadsheet* yang kecil dan rumit. Ini adalah salah satu peralihan kepada platform yang benar-benar memberi kecekapan pengurusan asset hospital yang lebih baik.

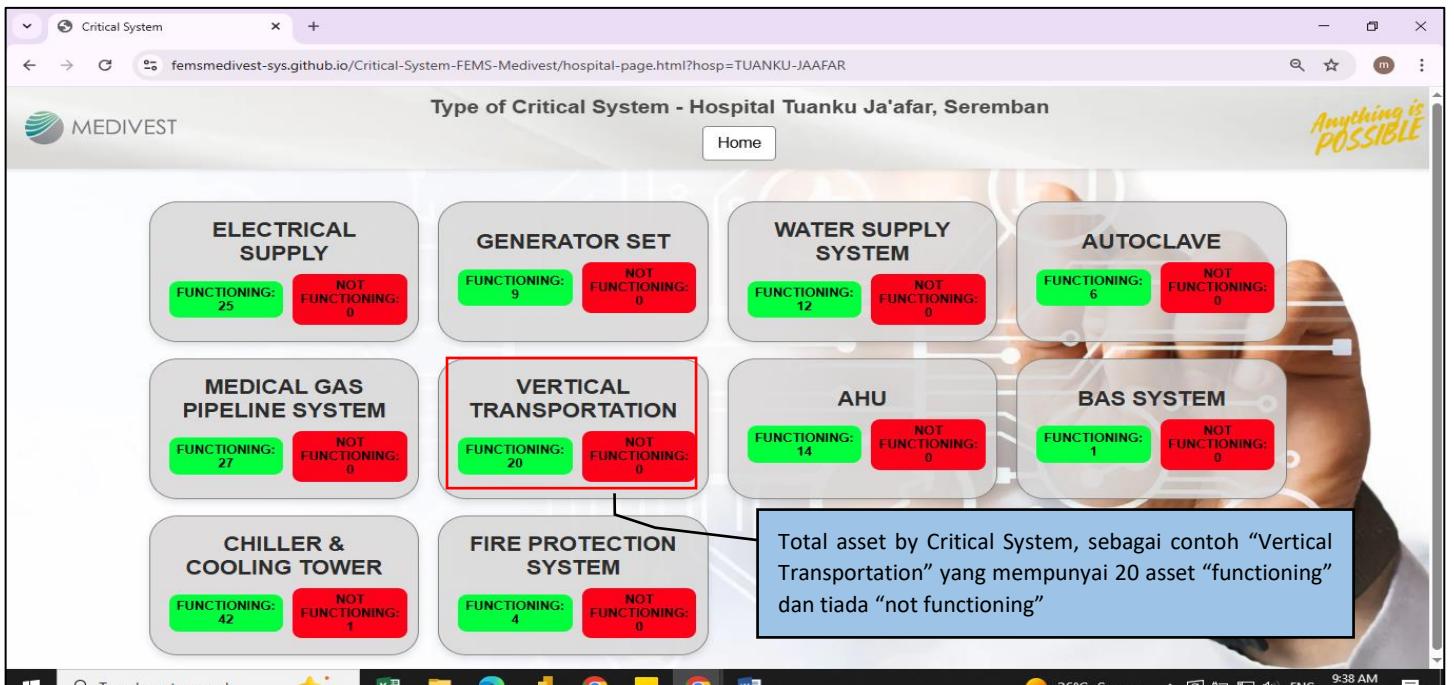

(Link Critical System) - <https://femsmedivest-sys.github.io/Critical-System-FEMS-Medivest/index.html>

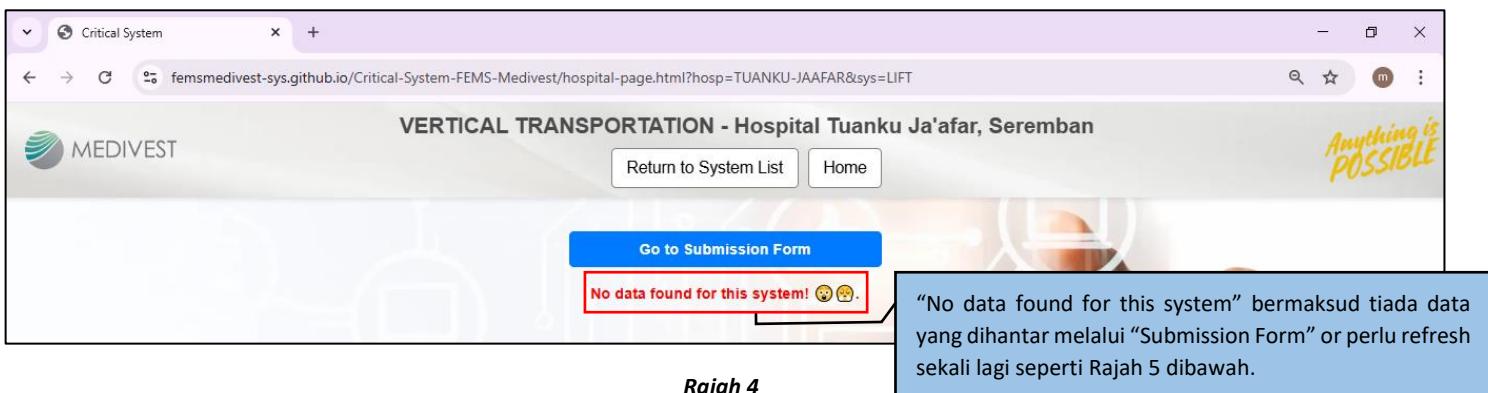

**Rajah 1** merupakan “*main page*” status asset bagi setiap hospital. Apabila klik Hospital yang anda ingin lihat dan keluar error seperti **Rajah 2**, sila refresh 1-2 kali agar dapat retrieve data dari database.

**FORM - LIFT**

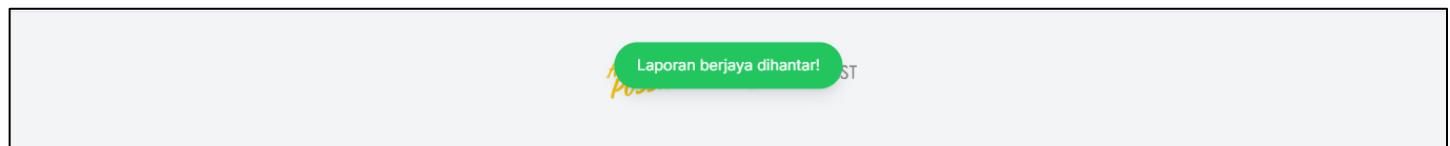

|                             |  |                             |
|-----------------------------|--|-----------------------------|
| Asset Name:<br>Lift No.1    | Asset Name:<br>Lift No.2   | Asset Name:<br>Lift No.3    |
| Location:<br>Main Block     | Location:<br>Main Block  | Location:<br>Main Block     |
| Status:<br>-- Sila Pilih -- | Status:<br>Not Functioning   | Status:<br>-- Sila Pilih -- |
| Remark:<br><br>             | Remark:<br>Breakdown   | Remark:<br><br>             |
| Action:<br><br>             | Action:<br>Vendor hadir esok, Pengarah dan JOHN sudah dimaklumkan] | Action:<br><br>             |

*Rajah 7*

PIC mempunyai pilihan sama ada update satu asset atau semua aset. Apabila sudah update dan klik button “**Hantar Borang**”, satu pop up seperti rajah 9 akan keluar “**Laporan berjaya dihantar!**”

| Action: okay                       | Action: NA                        | Action: NA                        |
| Last Update: 4 Oct 25, 11:36:04 PM | Last Update: 6 Oct 25, 2:26:36 PM | Last Update: 6 Oct 25, 2:26:37 PM |

Anything is POSSIBLE

Selepas PIC update, dapat

After Update “Lift No.2”:

The screenshot shows a dashboard for vertical transportation management. At the top, there's a header with the title "VERTICAL TRANSPORTATION - Hospital Tuanku Ja'afar, Selangor" and navigation links for "Return to System List" and "Home". Below the header is a large blue button labeled "Go to Submission Form". The main area is divided into three sections, each representing a lift:

- Lift No.1**: Status: FUNCTIONING. Remark: okay. Action: okay. Last Update: 4 Oct 25, 11:36:04 PM.
- Lift No.2**: Status: NOT FUNCTIONING. Remark: Breakdown. Action: Vendor hadir esok, Pengarah dan JOHN sudah dimaklumkan. Last Update: 7 Oct 25, 11:26:09 AM. A red arrow points from the "NOT FUNCTIONING" status to this section.
- Lift No.3**: Status: FUNCTIONING. Remark: OK. Action: NA. Last Update: 6 Oct 25, 2:26:37 PM.

A callout box on the right side provides context for the "NOT FUNCTIONING" status: "ke 'Not Functioning' juga di-remark action. *Last Update* - merupakan tarikh PIC update status aset".

## MEDIVEST

### Facilities Engineering Management Services (FEMS) - Critical System Monitoring

#### Anything is POSSIBLE

**NEGERI SEMBILAN:**

- Hospital Tuanku Ja'afar, Seremban**  
FUNCTIONING: 159 NOT FUNCTIONING: 2
- Hospital Tuanku Ampuan Najihah, Kuala Pilah**  
No URL API provided
- Hospital Jempol**  
No URL API provided
- Hospital Jelebu**  
No URL API provided

**MELAKA:**

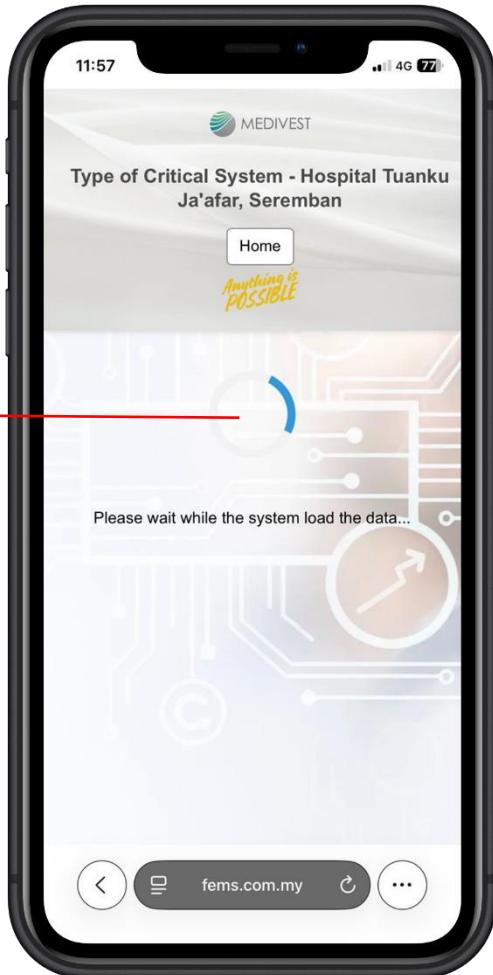

- Hospital Melaka**
- Hospital Jasin**
- Hospital Alor Gajah**

Boleh dilihat terdapat 2 asset "Not Functioning" dalam Rajah 12 berbanding Rajah 1

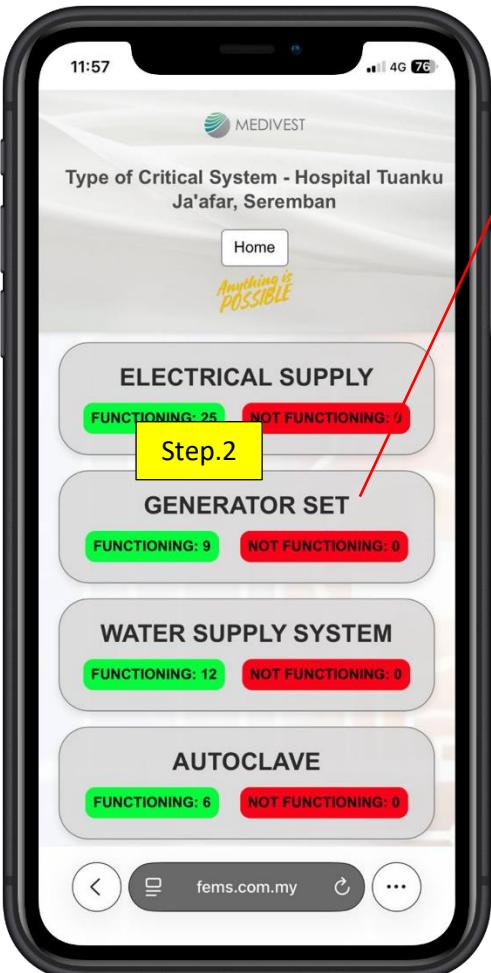

Rajah 12

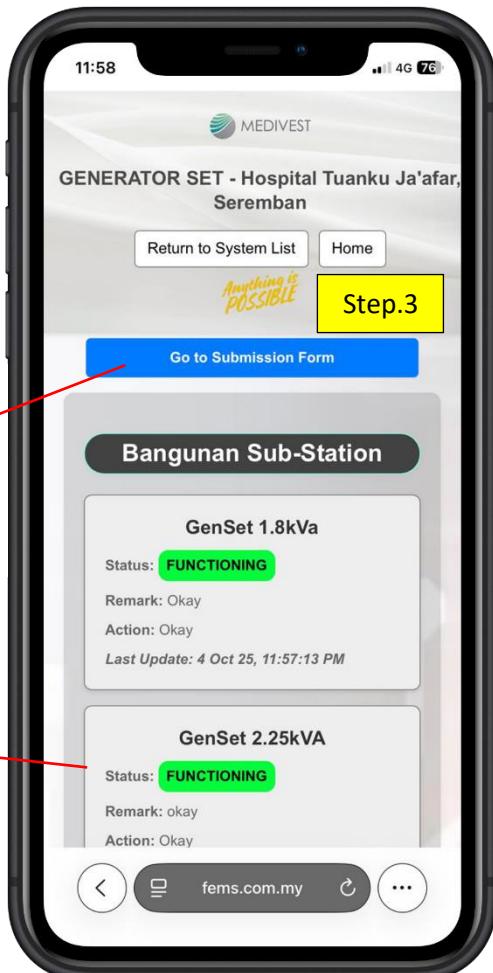

Pilih Hospital yang anda ingin lihat dan update.

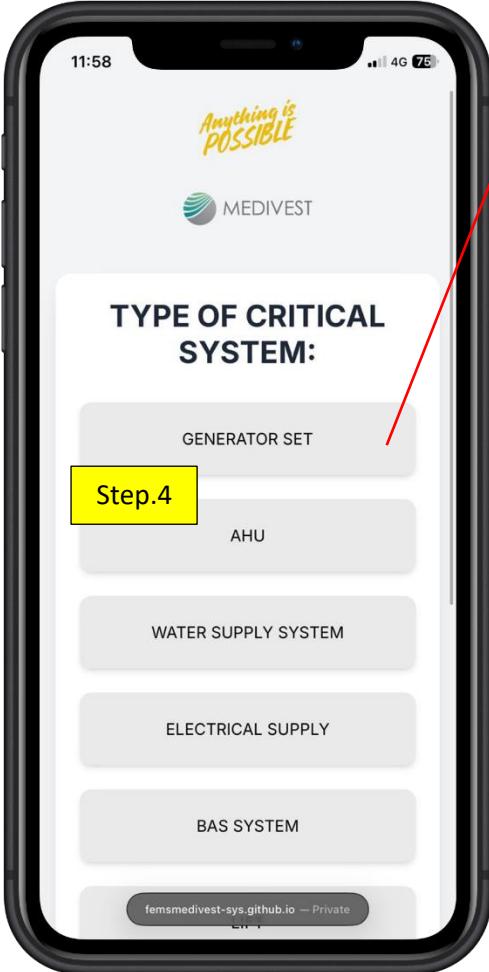

Apabila keluar page seperti ini, menandakan data sedang diproses

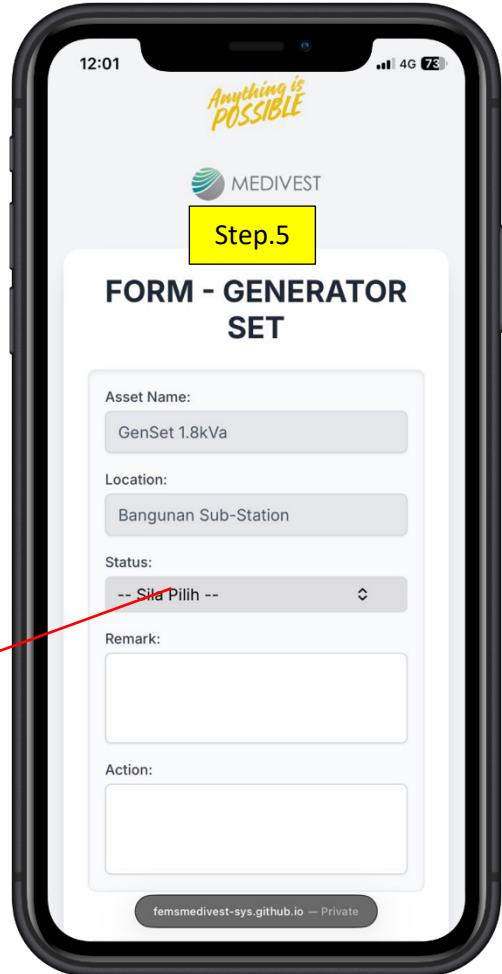

Pilih satu critical system sebagai contoh:  
“GENERATOR SET”

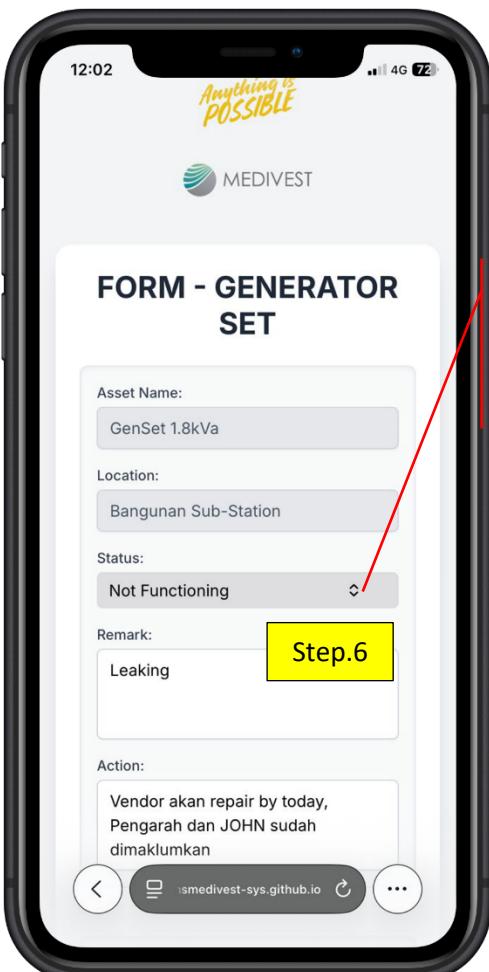

Paparan setiap asset by lokasi mengandungi **Nama, Status, Remark, Action & Last Update**

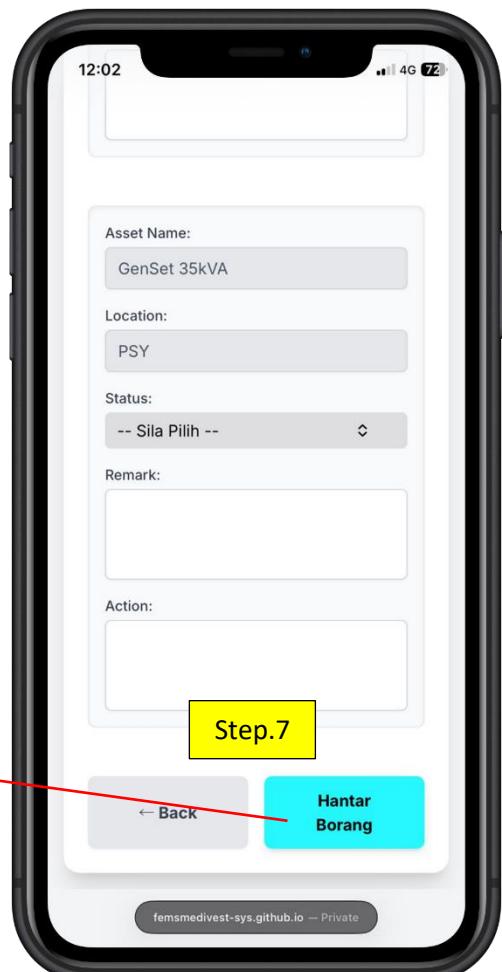

Step 4 adalah paparan sekiranya klik "Go to Submission Form".

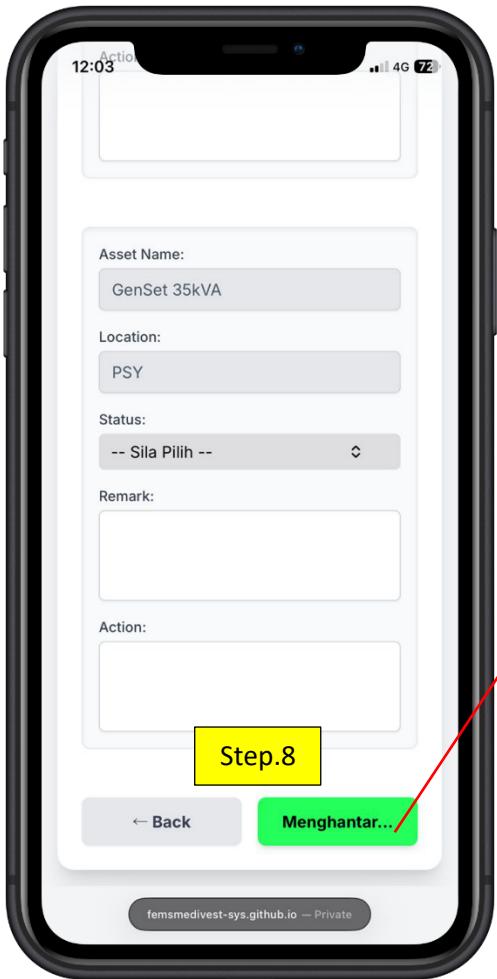

PIC hanya isi di bahagian **Status, Remark & Action** (jika ada isu ingin dibangkitkan)

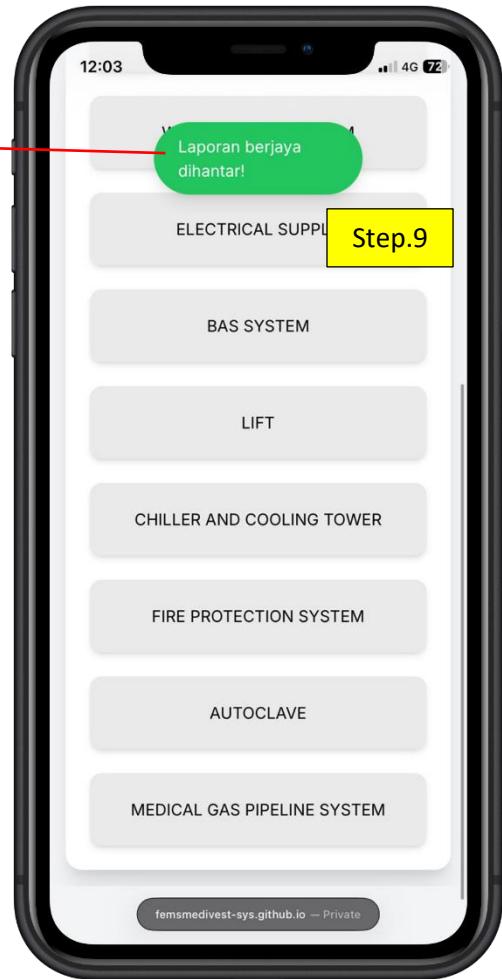

Contoh apabila mengisi ruang yang perlu diisi oleh PIC plantroom

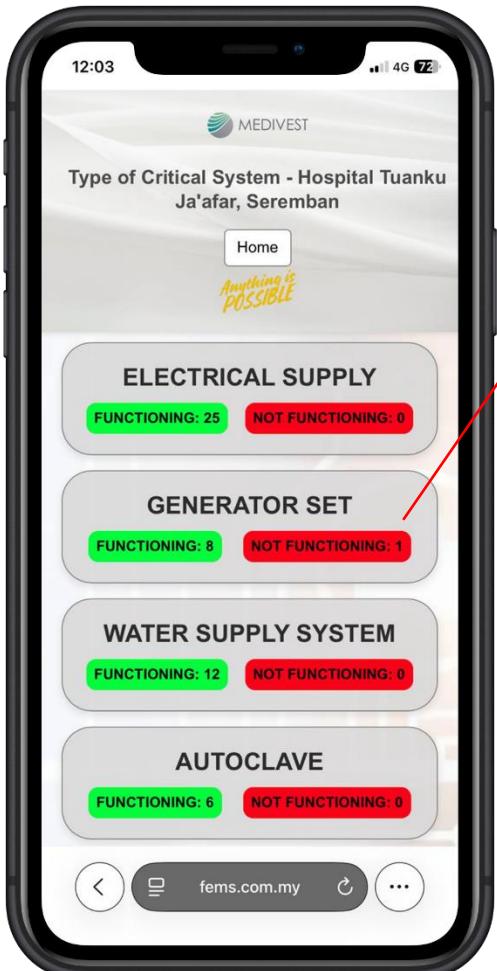

Scroll sampai bawah untuk tekan button "Hantar Borang" yg telah di isi

Pop up “Laporan Berjaya dihantar” bermaksud status asset sudah update

Sekiranya sudah ditekan, button akan bertukar warna hijau (Menghantar.....)

Status asset yang sudah di-update boleh dilihat boleh main page Hospital anda
